

COASTAL EMPIRE

*Plastic
Surgery*

*Advanced beauty solutions
with a caring touch*

Through the use of our Palomar Intense Pulsed Light system (IPL), our trained Clinical Aesthetician can erase sun damage on face & body, eliminate unwanted hair and facial veins, and dramatically lessen the redness associated with Rosacea.

Our Levulan and Blue Light treatments can significantly improve the quality of your skin by removing sun damage. It can also improve acne, erase fine lines, lessen scarring, improve the appearance and symptoms of Rosacea, and stimulate collagen production. Our Aesthetician can also prescribe a home care regimen that will help you achieve the skin you want and deserve.
